## NEVER HAPPY UNLESS IS SERVING SENTENCE

ESCAPED FROM CITY JAIL THURSDAY NIGHT, USING SAW

IS OLD AT GAME

Haskell Davis, Young Negro, Released From County Gang, Gets in More Trouble.

Haskell Davis, a negro boy about 17 years old, made his escape from the city jail Thursday by sawing one of the bars in the window of his cell in two. He was put in the cell Thursday afternoon and when the keeper went to give him his breakfast yesterday morning, he had flown the coop. A hack saw was used in sawing the three-quarters inch bar in two, a piece of the saw being found in the cell yesterday morning.

Only a few days ago Davis was turned loose from Capt. McConnell's squad of the county convicts. He was serving a sentence of 30 days for stealing a pair of shoes.

However, this was not the first time that Davis had been on the county gang. Once before he served a term of a few months and after finishing his sentence he stepped right back into his old ways. Just a few days after he was released, he stole a pair of shoes but ran off to Greenville before he could be arrested. Arriving in Greenville he could not resist the desire of obtaining some pretty articles of clothing which he had seen, and as the result he got a sentence of six months in that county.

After serving his sentence he was brought back to Anderson and given 30 days for stealing the shoes. Now he is in mischief again and will probably be apprehended within a few days. He had been placed in jail for stealing paint brushes from Mr. W. L. Brissey.

Capt. McConnell said yesterday that Davis was one of the best working men he had ever had and that he was released that it would only be a short time before he would have him back again.

This reliable medicine should be in every home for it gives immediate relief from colds, coughs and croup, hoarseness, inflamed throat and roars, pneumonia. Sold everywhere.

## FAVORITES IN \$50,000 RACE

From top to bottom:  
Dario Resta.  
Bob Burman.  
Harney Oldfield.  
Earl Cooper.  
Ralph DePalma.

These great auto racers are the favorites for the Astor Cup race, the prizes for which amount to \$50,000. The Sheepshead Bay race track in New York, the scene in past years of the races of the greatest orsen the world has known, has been built over for the purpose. Of these auto drivers perhaps Resta is the most sensational. In five starts in great races he has won four. He broke the 500-mile and intermediate records in Chicago earlier in the year.

To give a wide distribution of the money and insure a big field contracting in the race to the end, the purse of \$50,000 will be split into twelve prizes as follows: First, \$20,000; second, \$10,000; third, \$5,000; fourth, seventh, \$1,400; eighth, \$1,200; ninth, \$4,000; fifth, \$3,000; sixth, \$3,000; \$1,100; tenth, \$1,000; eleventh, \$800; twelfth, \$500.

## GRAND AUDIENCE AT ANDERSON THEATRE

The Play, "The White Sister," Was Best of Any Yet Offered By the Company.

Last night at the Anderson a house that filled the auditorium and balcony greeted the Norene St. Clair Stock company's "feature" play, and it was all more and more that the management claimed for it. "The White Sister" is without question the strongest play ever offered here by any popular priced company. The marvel is that such a play with the big royalty that is undoubtedly paid for its use could be presented in such a finished manner at the price. The Norene St. Clair Stock company is no wassured of the place of honor among popular priced organizations that have ever played here. Miss Francis as Madam Pablos, the White Sister, was splendid, and registered a successful performance in every detail. Much more could be easily said in praise of this lady's sterling performance, space alone preventing. Miss St. Clair had a minor part, but handled it cleverly, as did Miss Emole. Mr. Beaublon as Captain Louis, gave a finished performance, and was ably assisted by the Messrs. Murray, Summers and Foster. Mr. Pollock as Monsieur Montjole, a reformed rogue, gave a performance that for ease and general delivery has not been equalled here in a long time. He is a thorough artist in the part and his striking appearance only adds further to his always attractive performance. The specialty by Summers and Emole registered big, and this fine team of artists responded to many encores. "The White Sister" was a splendid success.

The play today will be Charles Grapowine's great success, "The Awakening of Mr. Pipp," a screaming comedy in three fine acts. This will be the play at both matinee and night performances.

The Norene St. Clair company will be here all next week, and will offer new plays and specialties nightly.

**MOTHER! GIVE CHILD "SYRUP OF FIGS" IF TONGUE IS COATED**

If cross, feverish, sick, bilious, clean little liver and bowels.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

Saves 7-8 of the labor of planting.  
**THE COLE ONE-HORSE GRAIN DRILL**  
If you plant your grain crop right between your cotton or corn rows with a COLE ONE-HORSE GRAIN DRILL, you are far surer of a good stand when winter is over than if you sow broadcast, or with a Western Drill.  
With one of these machines you can go right between your cotton or corn rows and plant three furrows at a time. No need to wait until the crops are gathered. No need to make seven trips to plow and harrow the land. The soil of your fields is well cultivated in summer and by grain-growing time is well settled, making an ideal seed-bed for grain. Just plant your crop between the rows with a Cole. Save 7-8 of the labor. One man and one horse can easily plant 8 to 8 acres a day. Besides your cotton or corn crop you get a good grain crop and you can follow this with a row-pear crop in the spring and plant it with the SAME MACHINE.  
**Sow Grain Between Your Cotton or Corn Rows**  
The seed is planted in little furrows which protect the grain from the winter winds and cold. No danger of the plants "spewing" up. The seed are planted in a basin where they secure the moisture they need. You can sow three rows at a time with a Cole No. 34. Our other machines sow one and two rows. Fertilizer can be applied at the time of planting, and the machine is splendidly adapted to applying fertilizer to growing crops. Don't accept any of the sneaky imitations offered. See that you get the genuine COLE.
